GRATEFUL—COMFORTING.
EPPS'S COCOA.
BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shal by keeping ourselves well fortified with pure blood and a properly nourished frame."—See article in the Civil Service Gazette.

THE CHURCH OF THE REVOLUTION.

By JOHN STOUGHTON, D.D. 8vo, price 12s.

From the *Saturday Review*.—"His wise reserve in passing judgment, his earnest desire to deal fairly with every subject that passes under his view, are qualities by no means so common as they ought to be; and since Disenters are sure to study this part of our Church history, we are quite content that they should do so under the guidance of one so intelligent, so calm, so unfeignedly truth-loving as our author."

The previous Volumes comprised "The Church of the Civil Wars and the Commonwealth," Two Vols. 28s.; and "The Church of the Restoration," Two Vols. 28s.

PROFESSOR REUSS ON THE APOSTOLIC AGE.

YORKSHIRE ODDITIES,

INCIDENTS, AND STRANGE EVENTS.

By S. BARING-GOULD, M.A.,

Author of "Curious Myths of the Middle Ages," "Island: its Scenes and Sagas," "The Book of Wore Wolves," &c.

"There is not such a company of wilful gentlemen within Yorkshire as there be not in all England besides."—*Abbot of York to Cromwell, 1566, Rolls House MS.*

"This book is a valuable addition to English Literature. It is no ephemeral work, but one which will live in the language as a text-book of the particular matters of which it treats."—*Yorkshire Oddities* is a book every one ought to have and to read; it will be an unfailing source of entertainment and instruction, for it not only affords amusement, but at the same time supplies abundance of material for reflection, which is sure to be appreciated by the thoughtful reader."—*Morning Post, December 29.*

Mr. Baring-Gould has done his work extremely well. . . These volumes will almost certainly be popular in Yorkshire; but they are written in such quaint and scholarly fashion that they deserve and will no doubt obtain more general interest and attention."—*Full Mail Gazette*.

"This book deserves and will ultimately obtain a large sale. It is as amusing as Dean Ramsay's famous work, and almost as instructive as Chambers' Domestic Annals."—*Sheffield Daily Telegraph*.

"To Yorkshiremen many of them will be quite new, but all alike will find in them ample matter for amusement and to make a leisure hour pass agreeably. . . We know of no book we should so willingly recommend to our readers."—*Land and Water*.

"There is a good deal of quaint character and much interesting information about local manners and customs in Mr. Baring-Gould's work."—*Daily News*.

"A compactly arranged and useful manual, which has deservedly met with a favourable reception. The survey of our literature during fourteen centuries—from the Anglo-Saxon period, A.D. 410, to 1850—compressed within the limits of between 500 and 600 pages, is necessarily rapid; but it is carefully done, and what may be considered the landmarks of so comprehensive a subject are distinctly traced. The present issue has received numerous additions."—*Examiner*.

THE
PUBLIC SCHOOLS ATLAS OF MODERN GEOGRAPHY,

IN THIRTY-ONE ENTIRELY NEW IMPERIAL QUARTO MAPS,

Exhibiting clearly the more important Physical Features of the Countries delineated, and Noting all the Chief Places of Historical, Commercial, or Social Interest.

Edited, with an Introduction on the Study of Geography, by the Rev. GEORGE BUTLER, M.A.,
Principal of Liverpool College.

"The Public Schools Atlas of Modern Geography must be pronounced one of the best collections of MAPS for the purpose of general geographical information which has come under our notice. Its great superiority lies principally in the fact that that great shortcoming of most maps, the unnecessary and excessive minuteness of detail, is throughout avoided in these; and thereby a clearness and distinctness are obtained which give great satisfaction."

WESTMINSTER REVIEW.

"We have no hesitation in pronouncing this the best School Atlas that has come under our notice. The reason of its superiority is obvious. Everything has been subordinated to the one idea of making it thoroughly useful as an instrument of education. Clear and distinct to a degree, the excessive minuteness of detail, which is the great evil of most maps intended for School use, has been wisely avoided. Only those names of towns and cities which are of importance as being either mentioned in history, or remarkable as sites of industry, or as places of resort, have been admitted; and the result is, that they catch the eye more readily, and make a consequently greater impression on the mind of the learner."

EDUCATIONAL TIMES.

"Its value must not be measured by its extraordinary cheapness; the price has evidently been fixed upon the assumption of an extremely large sale, FOR WE ARE SATISFIED THAT NOT ONE PENNY OF PROFIT CAN BE MADE OUT OF THE FIRST TWENTY THOUSAND COPIES."

BOOKSELLER.

GANOT'S TWO WORKS on NATURAL PHILOSOPHY, translated and edited with the Author's sanction by E. ATKINSON, Ph.D., F.R.S., Professor of Experimental Science, Staff College:—

ELEMENTARY TREATISE on PHYSICS, Experimental and Applied, for Colleges and Schools. Translated from GANOT'S *Éléments de Physique*. Sixth Edition, with 4 Plates and 746 Woodcuts. Post 8vo, price 15s.

"This treatise is too well known and appreciated to require any special notice beyond the fact that the present edition has received numerous additions, both in the way of letterpress and illustrations. Those parts referring to physiological electricity have been revised, and in a great measure rewritten, by Dr. MARTIN, of Christ's College, Cambridge. Altogether the sixth edition of GANOT'S *Physics* is in every way an excellent book for students of physical science."—*Lancet*.

NATURAL PHILOSOPHY for GENERAL READERS and YOUNG PERSONS. Translated and edited from GANOT'S *Cours de Physique*; with 440 Woodcuts. Crown 8vo, price 7s. 6d.

"This is a good text-book of physics for the middle and upper classes of boys' and girls' schools, embracing a familiar account of physical phenomena and laws for the general reader. The subjects are the properties of matter, hydrostatics, pneumatics, acoustics, heat, light, magnetism, and electricity; and the treatment is entirely free from mathematical formulæ. The engravings of the instruments and of the experiments detailed are good and suggestive, and calculated to be of assistance not only to the learner but to the teacher."—*Nature*.

Schoolmasters and schoolboys, we venture to think, will welcome the appearance of this volume, or these volumes—for each part is published separately. It occupies a very useful middle position between the octavo and quarto which belong to the sixth form and undergraduates' lecture-room on the one hand, and the small dictionaries prepared for beginners.—*Guardian*.

These two works are excellent models of lexicography. With the latter dictionary and a good grammar a boy may make his way through any author of the Golden Age with an ease of which one who potters over VIRGIL twenty or even ten years ago never dreamt. He will have learned, moreover, in the process the elements of etymology, and will have acquired, by running along the genealogies of words, by observing the steps by which one meaning passes into another, some idea of the science of language. The printing is excellent, and—what is of great importance, though by no means common—the quantities are accurately marked. Taking their merits into consideration, these works are marvellously cheap.—*Scotsman*.

THE SAURUS of ENGLISH WORDS and PHRASES, Classified and Arranged so as to Facilitate the Expression of Ideas and Assist in Literary Composition. By P. M. ROGET, M.D., F.R.S., F.R.C.P., &c.

*Dr. Roget's *Thesaurus* is full of suggestions, and exhibits, as no dictionary can, the extraordinary richness and flexibility of the English language. We recommend its use to all writers who desire to have at command a copious vocabulary and the entire resources of the English tongue.*—*Eclectic Review*.

THE STUDY OF ARCHAEOLOGY IN SCHOOLS.

Third Edition, revised and improved, in crown 8vo, price 7s. 6d.

A DICTIONARY of ROMAN and GREEK ANTIQUITIES, with nearly Two Thousand Engravings on Wood from Ancient Originals, illustrative of the Industrial Arts and Social Life of the Greeks and Romans. By ANTHONY RICH, B.A., sometime of Caius College, Cambridge.

Rich's Dictionary of Antiquities has been translated into almost every European language, but is little known and used in England. Yet it throws more light than any book of equal size on the daily life of the Greeks and Romans. He has used to the fullest extent the advantage of the Pompeian discoveries.

PUBLIC SCHOOL LATIN PRIMER.

Edited with the sanction of the Head Masters, of the Nine Schools named in Her Majesty's Commission. 12mo, price 2s. 6d.

SUBSIDIA PRIMARIA, Part I. Exercises on Accidence and Simple Construction, adapted to the above by the same Editor. Price 2s. 6d.

SUBSIDIA PRIMARIA, Part II. Exercises on Syntax, &c., adapted to the above by the same Editor. Price 3s. 6d.

KEY to the Exercises in Subsidia Primaria, Parts I. and II. Price 6s. Supplied to Instructors only on application.

SUBSIDIA PRIMARIA, STEPS to LATIN, Part III. Manual of the Rules of Construction in the Latin Compound Sentence, with Examples; being a Supplement to the Public School Latin Primer. By the same Editor. Price 1s.

THE PUBLIC SCHOOL LATIN GRAMMAR, for the use of Schools, Colleges, and Private Students. By B. H. KENNEDY, D.D., Regius Professor of Greek in the University of Cambridge, and Canon of Ely. New and Enlarged Edition (being the Second). 12mo, price 7s. 6d.

The Public School Latin Primer, intelligently taught, has proved a valuable instrument in education; and what it has done for the foundation the Public School Latin Grammar will certainly do for the superstructure. We have no book like it; it is far more comprehensive than any of our ordinary school grammars, while it is yet neither so discursive nor so lengthy as those larger grammars, which, while they are most valuable to the advanced scholar, were to all below him almost useless.—*Educational Times*.

PARRY'S GREEK GRAMMAR.

New Edition (the Third), in 12mo, price 3s. 6d.

A NEW ELEMENTARY GREEK GRAMMAR, intended as a Companion to the Public School Latin Primer. By EDWARD ST. JOHN PARRY, M.A. Balliol College, Oxford. New Edition, revised, with Index.

The main feature, and indeed the great recommendation of this Elementary Grammar is that it is throughout English in form and arrangement, and thus much difficult, which has hitherto attended the teaching of boys in the earlier years of their study of Greek, is avoided.—*Oxford Undergraduates' Journal*.

Among the various companions to the Public School Latin Primer this deserves to occupy a high place. In simplicity and general adaptation for school purposes it surpasses that work, while it comprises a full exemplification of all the forms occurring in Attic Greek. The declensions and conjugations are arranged after the models of the best German and English Grammars.—*Athenaeum*.

THREE NEW NOVELS.

I.
LISETTE'S VENTURE. By Mrs. RUSSELL GRAY. 2 vols. [This day.]

II.
MALCOLM. By George Mac Donald. 3 vols.
PALL MALL GAZETTE.—"Mr. Mac Donald has not only put into his (Malcolm's) mouth much of the fine poetry of which the book is full, but has also given to his part active and passive heroism of the most romantic kind. . . . Of the other characters Duncan, the aged and blind Highland piper, is admirably drawn. . . . But these few and slight blemishes are lost in the host of beautiful images with which Mr. Mac Donald delights his readers."

III.
VANESSA. By the Author of "Thomasina."
2 vols.
THE TIMES.—"But the book has other characters besides Amy Metoun, plenty of subsidiary heroines, with heroes to match, and they all fit comfortably into a very pretty and interesting story."

DR. FARRAR'S LIFE OF CHRIST.

READY THIS DAY, THE TWELFTH EDITION,
In 2 vols., price 24s., of

THE LIFE OF CHRIST.

BY THE
Rev. F. W. FARRAR, D.D., F.R.S.,
Master of Marlborough College, and Chaplain in Ordinary to the Queen.

From *The Quarterly Review*.
"Dr. Farrar may certainly be congratulated on a literary success to which the annals of English theology present no parallel. . . . It is impossible in the space at our disposal to do justice to what we feel to be the most valuable element of Dr. Farrar's work—the art, namely, with which he places us in the presence of the Great Teacher, and enables us not merely to follow the trains of his thought, but often to detect their subtle source, or trace them in their secret working upon the minds of friendly or hostile hearers. . . . To fill the minds of those who read his pages with solemn and not ignoble thoughts, to add sunlight to daylight by making the happy happier, to encourage the toiler, to console the sorrowful, to point the weak to the one true source of moral strength, these are the high ends to which the author desires that his work may be blest; and we may safely promise him that he will not be disappointed."

Ready this day, in 2 vols. 5s. 10s.; or 4 vols. 6s. 6s.

CAMBRIDGE GREEK AND LATIN TEXTS.

This Series is intended to supply, for the use of Schools and Students, cheap and accurate Editions of the Classics, which shall be superior in mechanical execution to the small German Editions now current in this country, and more convenient in form.

The texts of the "Bibliotheca Classica" and "Grammar School Classics" are in most cases adopted. These editions have taken their place amongst scholars as valuable contributions to the classical literature of this country, and are admitted to be good examples of the judicious and practical nature of English scholarship; and, as the Editors have formed their texts from a careful examination of the best editions extant, it is believed that none better adapted for general use can be found.

The volumes are well printed at the Cambridge University Press, in a handy pocket size.

THE HISTORY of INDIA, from the Earliest Ages. By J. TALBOYS WHEELER, Secretary to the Chief Commissioner of British Burmah.

Vol. III.—Hindu—Buddhist—Brahmanical Revival. Demy 8vo, pp. 524, with 2 Maps, cloth, 18s.

"The above volume also forms a complete work in itself, and may be had with separate title, as 'The History of India: Hindu, Buddhist, and Brahmanical.'"

"The volume, just out in India, is a calm, philosophical narrative or digest of Indian history as a whole. I can answer for myself that, busy and unsettled as I have been, with scarcely a resting-place for the sole of my foot, I have, by some means or other, read this volume through, or nearly so. On the India of the Vedas, of the Brahmins, and of the Buddhists, Mr. Wheeler throws a strong light, in a style which never wearies one, and never seems to lose in any paragon view the thread of philosophical thought or inquiry."

OUR OWN CORRESPONDENT, *Times*.
